Paul Robineau

Profile

https://www.linkedin.com/in/paulrobineau/

French PhD Student at University of Technology of Troyes.

My PhD project is focused on developping a method for quantum dots micropatterning in order to study dynamics of cell adhesion and the integrins' contribution to that phenomena in particular.

Previous Work Experiences

Research & Development Internship

CEA-Liten, Grenoble

Laboratory for Hydrogen Technologies

Experimental study of reversible solid oxide cells (rSOC) to construct a performance cartography

- Experimental campaign investigating polarization curves depending on temperature, gas flux, gas composition
- Developpment of automated data processing through MATLAB

Research & Development Internship

CEA-Liten-INES, Bourget-du-Lac

Laboratory of modules for organic photovoltaics

Development of PIN planar heterojunction perovskite solar cells

- Fabrication of solar cells by wet deposition (spin coating) of the successive layers on glass or plastic substrate
- Measurement of electrical performances and physical properties of the devices in order to optimize materials selection and fabrication process

Education

Master ONT: Optics and Nanotechnology

UTT – University of Technology of Troyes

Experimental work: contribution on development of optical nano-bio-captors of pesticides

Semester of Studies Abroad

UTSEUS — Sino-European School of Technology of Shanghai University

Chinese language courses and introduction to Chinese culture; research study within intercultural relations framework

MTE Engineer: Materials, Technology and Economy

- EME Specialization: Economy of Materials and Environment
- Entrepreneurship Minor: Legal Profile

UTT – University of Technology of Troyes

Project example: numerical analysis and representation of structural colours phenomena linked to diffraction grattings; complementary approches of geometrical and wave optics

Notions

Associative Experiences

Theater – Ch'UTT de vers compagny

https://www.facebook.com/chuttdevers/

- 2018 : co-stage director (Le Testament comique)
- 2017: writer and actor (Mauvaises Herbes)
- 2016: actor and communication manager, then stage director (L'Imposteur, then Les Révérends)

First aid UTT

http://www.ffssaube.fr/secutt/

- 2016: Certified first responder PSE2
- 2015: Certified first responder PSE1
